2010-2022
Labor Force Growth
45,503 (8.0%)

Information Technology Industry

Huntsville's IT industry is comprised of a combination of software development and application as well as cyber-solutions, modeling and electronic components design. More than 100 companies employ 16,000 workers in the local IT industry.

Alabama School of Cyber Technology & Engineering (ASCTE)

As the nation's only high school focused on the integration of cyber technology and engineering into all academic disciplines, this public residential magnet high school serves students throughout the state of Alabama.

Research & Technology

Huntsville's **Cummings Research Park (CRP)** has earned a reputation as a global leader in technology development. The second-largest science and technology research park in the U.S., CRP is home to 320 companies and 26,500 people involved in technology research and development.
